

# We're Making Improvements!

“It was a really good deal. ... a very low-interest loan for a project we wanted to do. And we love our new windows—they're a big improvement over what we had before.”

— Steve McMullen

## Home improvement goals can be a reality

Laura and Steve McMullen knew they wanted new windows. Their windows were old and leaky, and some were cracked and refused to open. But it would have taken five years to save the money to make it possible. With Michigan Saves, they were able to make their future wishes for home improvement a reality today.
